

Incident Management - ERP

TRENT 100

Emergency Response Plan

- Ask if event medic or emergency services already notified
- Call 999 if life is in danger and if services not already on way
- Call event medic with location (CP or W3W and nature of incident)
- Stabalise situation if possible whilst waiting for assistance to arrive
- Notify event control

Medical - Non Emergency

- Call event medic with location (CP or W3W and nature of incident)
- Follow event medics guidance
- If unable to get hold of event medic, use a qualified first aider to administer care
- The event medic may be happy for you to do this in any case depending on the nature of the incident
- Notify event control

Kit / Team Other

- Any kit issues that can not be resolved locally please call event control
- Any team issues that can not be resolved locally please call event control

DNF / Evacuation

- Call event control to co-ordinate evacuation of paddlers and kit
- Teams must have a minimum of 3 paddlers in to continue
